

CHURCH. BUT DIFFERENT.

YOU'RE INVITED!

Well, we can't really invite you anywhere cause of the the lockdowns. That said, I would like to invite you to something you can do from your own home with a great group of people online.

We attend **Trinity Church** in Redlands and right now, it's never been easier for you to attend too. On **Sunday mornings at 9:00 am**, we sing a few songs, listen to a short message from our pastor and then have a time of prayer. This is all done online, from the comfort of your couch or chair.

We know these are challenging times and we'd love to have you share a sense of community with us.

INTERESTED?

It's really easy. Just open up the camera app on your smartphone or mobile device and point the camera at that funny looking square. Your phone should do the rest!

If not, you can type
www.trinityonline.org/LIVE
into your browser and get there as well.
